1. SCOPE

This document provides a list of documents containing requirements, i.e. criteria for accreditation granting and maintenance to be performed by the Accreditation Body of Serbia (ATS), and explanation about available routes to obtain these documents.

This document is intended for conformity assessment bodies (CABs), i.e. applicants for accreditation and accredited bodies during accreditation granting and maintenance process, assessors and authorised persons at the Accreditation Body of Serbia.

The List of Documents includes standards and guidelines containing requirements for accreditation of CABs for each specific scheme of accreditation from the ATS scope of activity, mandatory documents such as guidelines governing field of accreditation and conformity assessment that were published by EA, IAF and ILAC, and documents published by ATS.

The implementation of all these documents is mandatory. The ATS assesses the conformity levels of performing activities for which accreditation is sought/obtained and established and implemented management system within accreditation process and maintenance thereof by using these documents, whereas it shall be noted that binding documents issued by EA, IAF and ILAC shall not contain additional requirements compared to referent standards for accreditation of CABs, but they shall solely provide consistent implementation of the said standards.
